

11th Annual "DO I T" Clinic Rocks!

On Sunday December 7th, over 425 student athletes took part in another great day for track & field @ the remodeled Reggie Lewis Center. Clinicians, MSTCA Hall-of-Famers and special guests coordinated four 45 minute sessions for each participant in their chosen event, followed by a gigantic raffle of gift certificates and tee-shirts. The MSTCA was also joined by the staff of Boston 2024 who distributed shirts to all the athletes. Additionally, Mr. Joe LeMar organized sessions for our physically challenged / mobility challenged athletes of all ages, as the MSTCA continued their efforts in this important initiative. Thank you to all who made this Indoor Track opening event a huge success!
